When Smilla was five years old, she was diagnosed with celiac disease, but this did not stop her from pursuing her love for baking. In this book, she proves that being gluten intolerant doesn't mean you have to give up your love for pasta and carbs. Smilla shares some of her favorite recipes, tips and tricks to living gluten free without sacrificing baked goods. Readers will learn how to adapt muffins, brownies, macaroons, pasta and pizza, to their dietary needs. While gluten-free baking is nothing new, Smilla's love and enthusiasm for baking and her personal experience with gluten intolerance makes this book stand out among others of the same subject matter. Readers are sure to fall in love with Smilla and her various fun and delicious recipes.
