

Teachers Daughter

Jan Harper, 36, lives in the basement of her mothers suburban home. A high-school English teacher, Jan worries that shes on the brink of wear-ing heavy walking shoes and retreating farther into her single, somewhat solitary existence. Shes just come off a failed affair with a married man, discovering she wasnt the first mistress in his life. Shes slightly jealous of her friend Max, whos always been a little too flighty, according to Jans mother. And the only prospect for a relationship comes colored in the dull gray form of Bruce, a fellow teacher. So its a complete surprise to Jan when a darkly handsome man insists on stepping into her tidy suburban world. James is younger, unemployed, has a prison record and a passion for his Trans-Am complete with fuzzy dice. He also has a passion for Jan, although Jan has serious doubts about a future with him. Theres something about James that both charms and repels heran unpredictability thats about to shatter both of their lives. Once again, Richard B. Wright has shown that he is the master of brilliantly realized characters and evocative story-telling that shines in the details. This is a novel of collision, Jan from her sterile middle-class world and James from his seedy shadow one, both searching for love and wholeness. Richard B. Wright fans will not be disappointed.
